

# The Dangers of Bigger Trucks

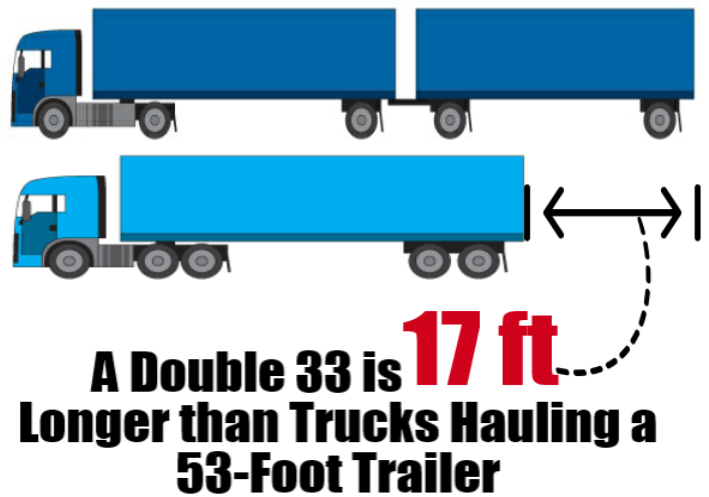

## Longer Trucks

### Longer Stopping Distance

### Bigger Blind Spots

## Heavier Trucks

Trucks Heavier than 80,000 lbs. Have a Greater Number of Brake Violations

Brake Violations are a Major Reason for Out of Service Violations (OOS)

Trucks with OOS Violations are 362% More Likely to Be Involved in a Crash

Adding an Extra Axle Does NOT Mitigate Increased Wear and Strain on Bridges

\$1.1 Billion One-Time Cost of Bridges with Posting Issues

1 in 11 U.S. Bridges are Structurally Deficient
